Foreword

This rule is issued by Zhongsheng Deshang Inspection and Certification (Chengdu) Co., Ltd.

The copyright of this certification rule is owned by Zhongsheng Deshang Inspection and Certification (Chengdu) Co., Ltd. No organization or individual may use it in whole or in part in any form without the permission of Zhongsheng Deshang Inspection and Certification (Chengdu) Co., Ltd. (except as required by law).

1. Scope of Application and Basis Standards

This certification implementation plan applies to the antibacterial certification of household dishwashers.

Certification Basis:

QB/T 5133-2023 "Technical Requirements and Test Methods for Antibacterial and Sterilization Functions of Household and Similar Use Dishwashers"

2. Certification Mode

The certification mode is: initial factory inspection + product sampling inspection + post-certification supervision

3. Certification Implementation Links and Requirements

3.1 Certification Process:

The basic process of certification includes:

- a) Certification application
- b) Initial factory inspection
- c) Product sampling inspection
- d) Evaluation and approval of certification results
- e) Post-certification supervision

Note: The initial factory inspection includes document technical review and on-site inspection.
