Foreword

This rule is issued by Zhongsheng Deshang Inspection and Certification (Chengdu) Co., Ltd.

The copyright of this certification rule is owned by Zhongyi Deshang Inspection and Certification (Chengdu) Co., Ltd. No organization or individual may use it in whole or in part in any form without the permission of Zhongyi Deshang Inspection and Certification (Chengdu) Co., Ltd. (except as required by law).

1. Scope and Applicable Standards

This certification implementation plan applies to the product certification of anti-corrosion grades for metal products.

Certification basis:

JB/T 9535-2013 "Environmental Technical Requirements for Indoor and Outdoor Anti-corrosion Electrical Products"

2. Certification Mode

The certification mode is: initial factory inspection + product sampling inspection + post-certification supervision

3. Implementation Steps and Requirements for Certification

3.1 Certification Process:

The basic process of certification includes:

- a) Certification application
- b) Initial inspection
- c) Product sampling inspection
- d) Evaluation and approval of certification results
- e) Post-certification supervision

Note: Initial factory inspection includes document technical review and on-site inspection.
