## Foreword

This rule is issued by Zhongsheng Deshang Inspection and Certification (Chengdu) Co., Ltd.

The copyright of this certification rule is owned by Zhongyi Deshang Inspection and Certification (Chengdu) Co., Ltd. No organization or individual may use it in whole or in part in any form without the permission of Zhongyi Deshang Inspection and Certification (Chengdu) Co., Ltd. (except as required by law).

# 1. Scope of Application and Basis Standards

This certification implementation plan applies to the product certification of Baijiu brewed using pure grains (excluding tubers) as raw materials through the solid-state fermentation method.

Certification

Basis:

CTS CRCB041-2026 "Technical Specification for  
Quality Certification of Solid-State Method Baijiu"

## 2. Certification Mode

Initial factory inspection + Product sampling inspection +  
Post-certification supervision

Post-certification supervision refers to one or a combination of follow-up inspections after certification, and on-site sampling and testing or inspection at the production site.

## 3. Certification Implementation Stages and Requirements

### 3.1 Certification Process:

The basic certification process includes:

- a) Certification application
- b) Initial factory inspection
- c) Product sampling inspection
- d) Certification result evaluation and approval
- e) Post-certification supervision

Note: Initial inspection includes document technical review and on-site inspection.
