These rules are issued by Zhong Sheng De Shang Inspection and Certification (Chengdu) Co., Ltd.

The copyright of these certification rules belongs to Zhong Sheng De Shang Inspection and Certification (Chengdu) Co., Ltd. Any...

No organization or individual may, without the permission of Zhong Sheng De Shang Inspection and Certification (Chengdu) Co., Ltd., May be used in whole or in part in any form (except as required by law).

1. Scope of certification and applicable standards

This certification implementation plan applies to the certification of precast component products. Certification basis:

CTS CRCB021-2026 Technical Specification for Certification of Precast Components

2. Authentication Mode

The certification process consists of: initial factory inspection + product sampling inspection + post-certification surveillance.

3. Certification Implementation Stages and Requirements

3.1 Certification Process:

The basic certification process includes:

- a) Certification application
- b) Initial inspection
- c) Product sampling inspection
- d) Evaluation and approval of certification results
- e) Post-certification surveillance

Note: The initial factory inspection includes document and technical review and on-site inspection.
