## Emergency Response Plan Management System Certification Rules

### 1 Purpose and Scope

1.1 This rule is used to regulate the certification activities of the Emergency Response Management System (SEMR).

1.2 Based on relevant laws and regulations on certification and accreditation, and in conjunction with relevant technical standards, this rule makes specific provisions for standardizing

the SEMR certification process, clarifies the relevant responsibilities in the SEMR certification process, and ensures the standardization and effectiveness of SEMR certification activities.

1.3 These rules are the basic requirements for this organization's SEMR certification activities, and all SEMR certification activities shall comply with these rules.

### 2 Management requirements of this organization

2.1 This organization follows GB/T 27021/ISO/IEC 17021-1 Requirements for Conformity Assessment Management System Audit and Certification Bodies Managing the capabilities and processes involved in SEMR certification;

2.2 Our organization has established internal checks and balances, oversight, and accountability mechanisms to separate the SEMR training, certification, and certification decision-making processes to ensure impartiality.

2.3 Our SEMR certification can be combined with a Quality Management System (QMS).

(EMSThe organization conducts certification activities for Occupational Health and Safety Management System (OHSMS). **3**

### Certification personnel requirements

3.1 Personnel participating in SEMR certification activities should possess the necessary personal qualities and education, training, and/or work experience in areas such as quality management systems.

3.2 Certification personnel participating in SEMR certification should meet the following criteria:

(1) obtained certification from the China Certification and Accreditation Association (CCAAQMS Registered Auditor Qualification.

(2) Professional certification personnel should possess the relevant industry expertise (assessed according to the QMS professional competence evaluation criteria).

(3) After receiving training on relevant standards of the emergency response plan management system) **4 Certification basis**

4.1 SEMR certification is based on the following criteria:

CTS CRCA006-2026 Technical Specifications for Emergency Response Plan Management System Requirements
