Security Service Management System Certification Rules

1 Purpose and Scope

1.1 This rule is used to regulate Security Service Management System (SOMS) certification activities.

1.2 This rule, based on relevant laws and regulations on certification and accreditation and in conjunction with relevant technical standards, makes specific provisions for standardizing

the SOMS certification process, clarifies the relevant responsibilities in the SOMS certification process, and ensures the standardization and effectiveness of SOMS certification activities.

1.3 These rules are the basic requirements for this organization's SOMS certification activities, and SOMS certification activities shall comply with these rules.

2 Management requirements of this organization

2.1 This organization follows GB/T 27021/ISO/IEC 17021-1 Requirements for Conformity Assessment Management System Audit and Certification Bodies Managing the capabilities and processes involved in SOMS certification;

2.2 Our organization has established internal checks and balances, oversight, and accountability mechanisms to separate SOMS training, certification, and certification decisions, in order to meet the requirements of impartiality.

2.3 Our SOMS certification can be combined with a Quality Management System (QMS). (EMSThe organization conducts certification activities for Occupational Health and Safety Management System (OHSMS)).

3 Certification personnel requirements

3.1 Personnel participating in SOMS certification activities should possess the necessary personal qualities and education, training, and/or work experience in areas such as quality management systems.

3.2 Certification personnel participating in SOMS certification should meet the following criteria:

(1) obtained certification from the China Certification and Accreditation Association (CCAA) Quality registration auditor qualification.

(2) Professional certification personnel should possess the relevant industry expertise (assessed according to the QMS professional competence evaluation criteria).

(3) Having received training on SOMS-related standards)

4 Certification basis

4.1 SOMS certification criteria include:

GB/T 42765—2023 Security Service Management System Requirements and Usage

Guidelines
